# What's All This AI Stuff?

**Audience:** All school staff, especially those unsure or new to AI

**Level:** ● Foundational (Explore)

**Format:** Workshop (2 hours) – or bespoke

**What you'll learn:** A gentle, inclusive introduction to what AI is, how it's already affecting school life, and how to approach it responsibly. Staff gain confidence through practical examples and open discussion.

# Whole Staff Introduction to GenAI: Myths, Uses and Boundaries

**Audience:** All staff, CPD leads, SLT

**Level:** ● Foundational (Explore) and/or ● Intermediate (Experiment)

**Format:** Workshop (2 hours) – or bespoke

**What you'll learn:** Separates fact from fiction in AI. Explains what GenAI can and can't do, and how schools can develop clear, safe boundaries around its use.

# Cognitive Science Meets Generative AI

**Audience:** Teachers, CPD leads, curriculum developers

**Level:** ● Proficient (Innovate)

**Format:** Workshop (2 hours)

**What you'll learn:** Explores where cognitive science principles align or clash with AI-supported learning. Includes retrieval, modelling, metacognition and cognitive load.

# Basic Prompting for Planning and Teaching

**Audience:** Teachers, ECTs, TAs

**Level:** ● Foundational (Explore)

**Format:** Workshop (2 hours)

**What you'll learn:** Practical, jargon-free training in how to write effective prompts to support planning, questioning and classroom activities.

BIAS

ETHICS

PRODUCTIVITY

# Beyond Bias: Understanding Ethics and Fairness in AI

**Audience:** Staff interested in AI equity, ethics leads, SLT

**Level:** ● Proficient (Innovate)

**Format:** Workshop (2 hours)

**What you'll learn:** Unpacks how bias is built into AI tools and how this shapes educational content, decision-making and fairness. Includes mitigation strategies.

# Inclusive Planning with GenAI: Avoiding Bias in Lesson

**Audience:** Teachers, inclusion leads, curriculum developers

**Level:** ● Intermediate (Experiment)

**Format:** Workshop (2 hours)

**What you'll learn:** Shows how to use GenAI to plan more equitably, avoid reinforcing bias, and support a diverse range of learners and voices.

SCHOOL

# Leadership Briefing: GenAI Strategy, Risk and Opportunity

**Audience:** SLT, governors, trust leaders

**Level:** ● Proficient (Innovate)

**Format:** Briefing + workshop (2 hours)

**What you'll learn:** Guides leaders through key questions: What's our stance on GenAI? What's our policy? Where do we lead and where do we wait? Includes audit and strategy tools.

# Planning Smarter with GenAI: Save Time, Stay Creative

**Audience:** Teachers, subject leads

**Level:** ● Intermediate (Experiment)

**Format:** Workshop (2 hours)

**What you'll learn:** Explore how GenAI can reduce planning time, spark creativity and support differentiation — without losing teacher voice.

# Subject-Specific AI Integration Workshops

**Audience:** Subject departments (e.g. science, English, maths)

**Level:** ● Intermediate (Experiment)

**Format:** Workshop (2 hours)

**What you'll learn:** Practical, tailored sessions to explore how GenAI can support subject teaching, revision strategies and assessment design.

# Supporting Trainee Teachers and ECTs with AI Literacy

**Audience:** ITE tutors, mentors, ECT coordinators

**Level:** ● Intermediate (Experiment)

**Format:** Workshop (2 hours)

**What you'll learn:** Equips mentors and tutors with the tools and confidence to embed GenAI training into early career development and initial teacher education.

# The GenAI Landscape in Education: Trends, Tools and the Equity Challenge

**Audience:** SLT, digital leads, curriculum planners

**Level:** ● Proficient (Innovate)

**Format:** Workshop (2 hours)

**What you'll learn:** High-level overview of the AI landscape in education: global trends, tools shaping teaching, and the implications for equity and strategy.

# Why Choose GenEdLabs.ai?

## Expert-Led Training

Sessions led by an experienced teacher, operational bias researcher, and author of "100 GenAI Prompts for Teachers and Educators".

## Sector-Leading Expertise

Founder of the TeacherEd AI Network (TEAN), offering valuable peer connections and the latest in educational AI practice.

## Practical Resources

Your staff receive ready-to-use prompts, audit tools, and practical guides to support classroom implementation.
