

# Bias-Aware GenAI Consultancy Services

by Victoria Hedlund

# Understand Your Starting Point and Plan Your Next Steps

## GenAI Footprint Analysis & Strategy

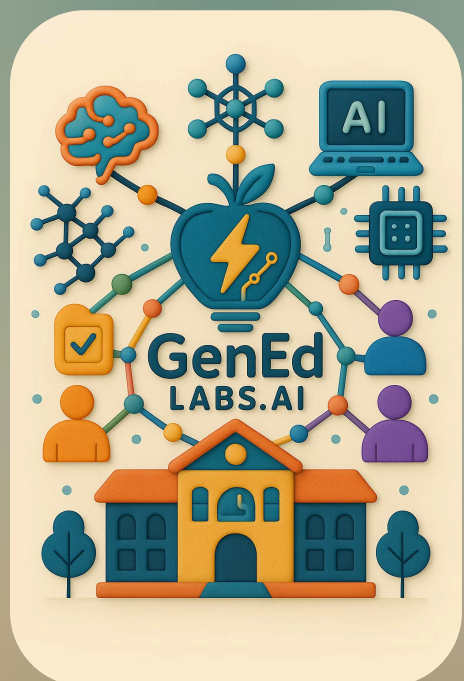

A light-touch, leadership-focused review to help you understand your current GenAI presence across curriculum, policy and staff development, and shape a clear, proportionate strategy.

# Staff Confidence and Curriculum Inclusion Review

## Staff Needs and GenAI Champions

A supportive process that maps staff confidence and use of GenAI, highlights inclusive teaching potential, and gives you evidence to guide development and planning.

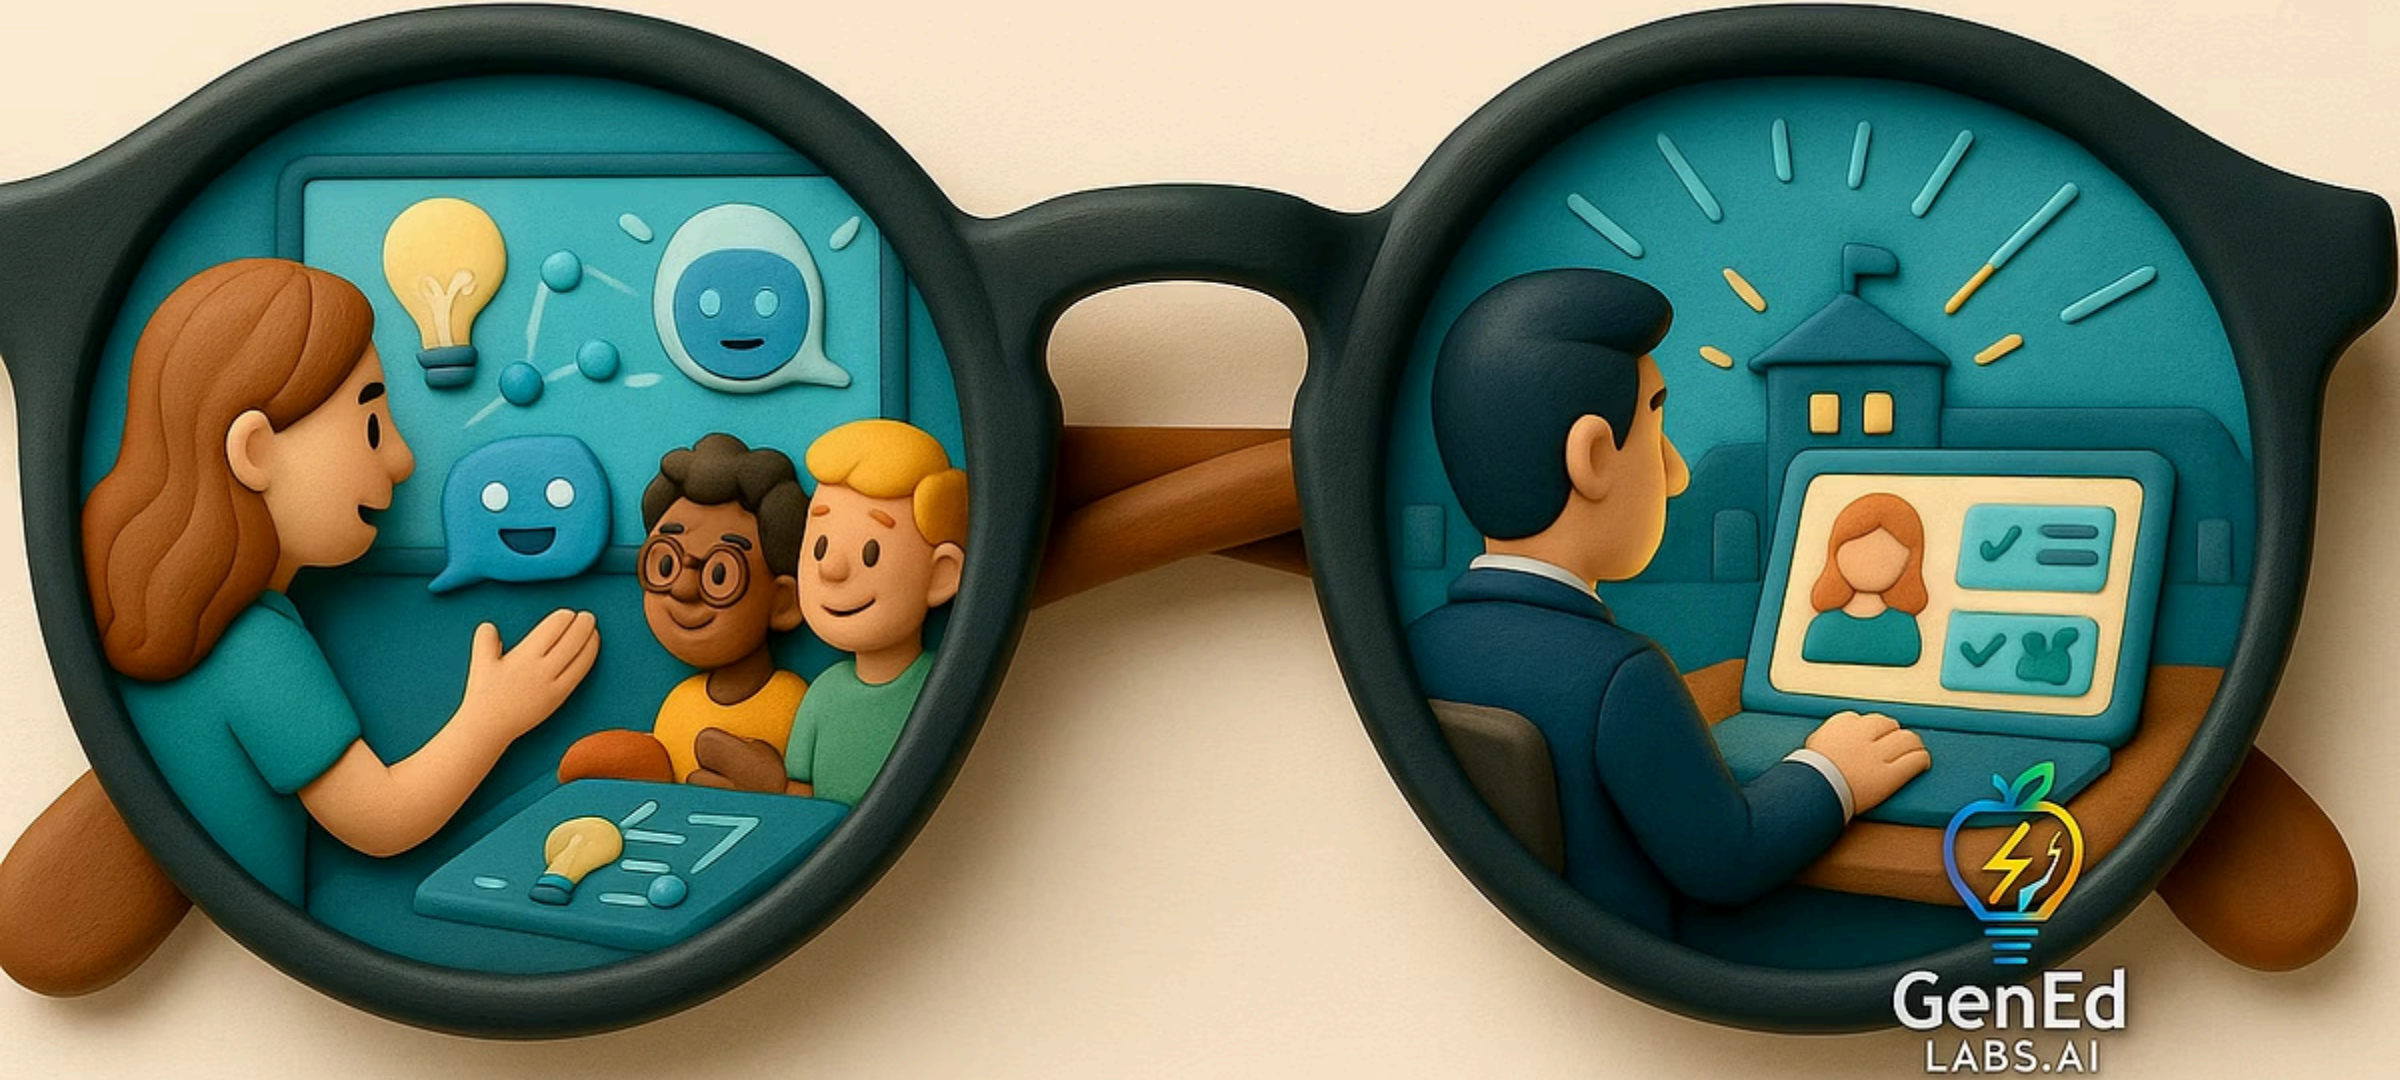

# Whole-Setting GenAI Uplift

## End-to-end Strategy, Alignment & Implementation

A joined-up consultancy package that combines all core services. It supports educational settings to think strategically, engage staff meaningfully and build long-term capacity for inclusive GenAI use.

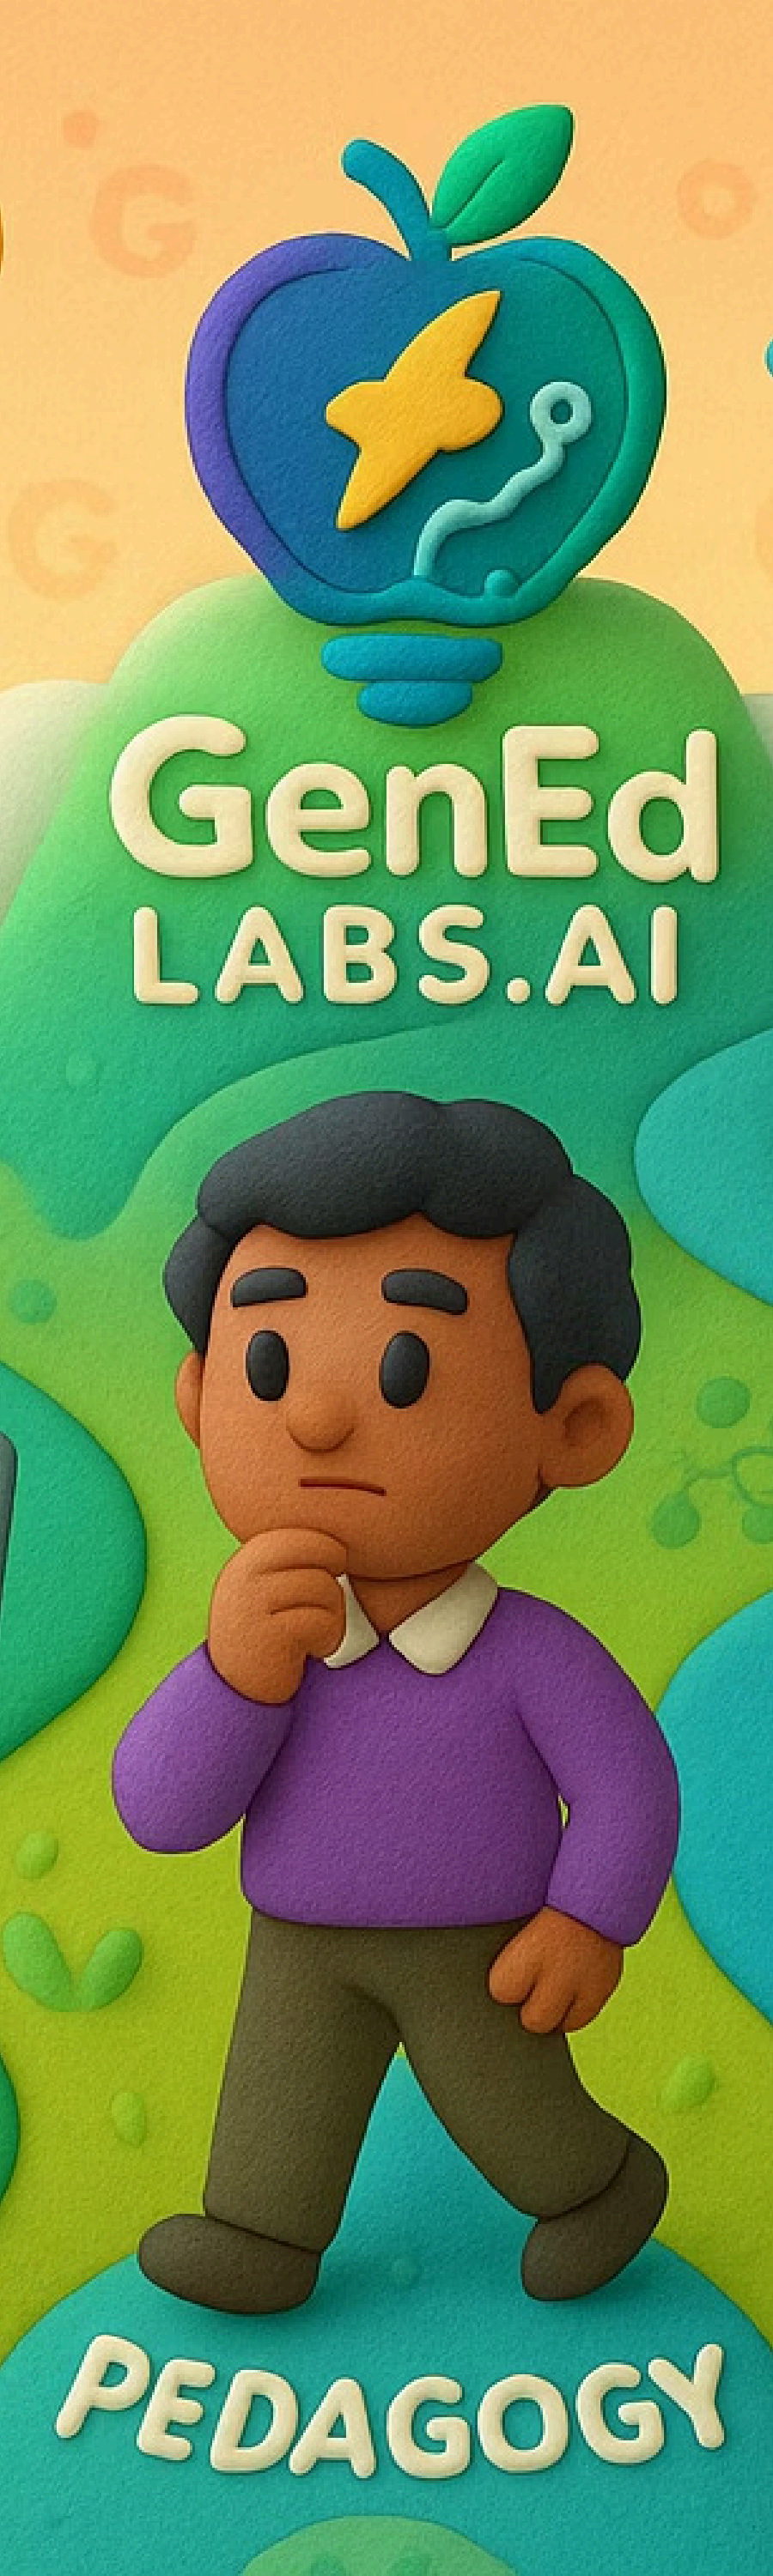

# GenAI Strategy and Innovation for Independent Schools

Bespoke GenAI vision aligned to your ethos

This offer is tailored specifically for independent schools looking to define a purposeful, future-facing approach to GenAI. It brings together leadership reflection, staff development insight, and strategic planning , all designed around the ambitions, values and distinctive identity of your school.

# Bespoke CPD Pathways

## Professional Learning Pathway for GenAI

Tailored CPD planning and delivery support to help your team develop subject-sensitive, ethical, and impactful GenAI use over time, shaped around your school's goals.
